

Introduction to Thermography 1-Day Training Course

Our 'Introduction to Thermography' training course is a 1 Day course, given

by one of our qualified and experienced training instructors. It's objective is to give you an introduction to, and an understanding of, the basic infrared theory necessary for successful Infrared Camera operation. The course is held at the Maldron Hotel in Portlaoise or on-site and the response to date has been very positive.

"I would recommend the course and I am now interested in now doing the LEVEL 1 Training."
- Brian McDaid, Engineering Manager, B9 ENERGY O&M Ltd

"Overall we found the content of this course to be hugely beneficially and it was an excellent introduction into thermography."

- Sue Kelly, HR & Training Administrator, Designer Group Engineering Contractors

Course Overview:

Our 1 day 'Introduction to Thermography' Training Course syllabus is comprehensive and includes the following topics:

- Basic Infrared Theory
- Certification
- Camera specification
- Camera operation under tutor guidance
- Applications
- Imaging software

Assessment & Certification:

On passing a theory & practical exam you will be issued with 'Introduction to Thermography' Training Certification.

We are accredited by NSAI to ISO Standard 9001:2008 and are a Registered Training Provider with Engineers Ireland.

Learning Objective:

On completion of the 1 Day Course, you will have a very good understanding of:

- The correct operation of an Infrared Camera
- General principles of heat transfer and its relation to infrared radiation
- The need for image manipulation in interpreting faults
- Best practice and use of software

Course Duration:

1-Day Course held regularly in Portlaoise (Maldron Hotel) or on-site depending on your preference.

Who Should Attend:

Any personnel interested in using Thermal Imaging to reduce energy consumption, improve condition monitoring of assets and determine energy loss from mechanical, electrical, process and buildings assets.

Introduction to Thermography Training Dates:

- 11th November 2017

Course Fee: €395 + VAT
Fee includes lunch

Trainer's Profile:

Our trainer is a Certified Thermographer with significant experience in the electrical industry.

We have delivered regular 1 Day 'Introduction to Thermography' classes in Ireland both on scheduled courses and in-house to individuals and companies involved in Facilities Management.
